

As a reminder, it is mandatory players are numbered and highly recommended they be named. Also, the league is instituting a ban on duplicate names, Meaning if a player with that name dies or retires, there can never be another player in the league with that name.

The league will be divided into two divisions - The Nuffle's Glory Division and The Nuffle's Resplendence Division

Each team will play 7 games - one game each against every team in their division and then 2 random out-of-division games drawn at random. Each team will play 3 home games, 3 away games, and one game on a neutral field.

Please familiarize yourself with the home field advantage rules.

PLAYOFFS

The top 3 teams in each division will make the playoffs. The winner of each division will get a bye the first week of the playoffs. This bye week will count as a game played for any players that have an injury that requires them to miss a game.

After the regular season, teams will NO LONGER accumulate money or star player points. The championship will be won by the teams as they stand at the end of the regular season. This also ensures that the teams that miss the playoffs do not fall behind. Further, players on playoff teams will continue to die, maimed, and injured, but any such injuries that occur IN THE PLAYOFFS will be reset and disregarded when the season is over so these players will be at full strength for the start of Season 2.

Further, once the playoffs are set, the scheduling is up to the participants. The date ranges are just the last possible day to finish the playoff round.

NUFFLE'S GLORY

Bone Cuzers (Ogres) (Jonathan Kwak)
Mordheim Manglers (Skaven) (Sean Glenn)
